## Retiring From Driving

When Someone You Know Should Give Up Driving

What do you do about an older family member who no longer drives safely? Physical or medical conditions such as poor vision, restricted movement, illness or dementia can put a driver and the public at risk. Sometimes the signs are readily apparent, but usually, the signs are gradual and take place over a period of time.

Despite your concerns for the driver's safety, it may be difficult to discuss the problem with the driver or to intervene. One's sense of freedom, control and competence is strongly tied to the ability to drive. It's not always easy to give up the independence that driving provides and to find alternative transportation. To help an unsafe driver, begin by assessing the individual's ability to drive. Consider available alternatives to driving. An open, early and ongoing discussion can help your family develop a plan before the situation becomes a crisis. Having the support of your family physician, local social service agencies, or Driver and Motor Vehicle Services (DMV) can help. Oregon DMV's "Drivers 50+" website features a wealth of information on how to discuss the issue of "retiring" from driving and alternative transportation. For more information, go to: www.oregondmv.com and click on the "Drivers 50+" link, on the right side of the page.

Signs of Unsafe Driving
Family members and caregivers are in the best position to observe signs of declining driving ability. Does the older driver:

- Experience other drivers honking at them in traffic?
- Move into a wrong lane?
- Become easily lost or confused?
- Have new dents or scratches on the car?
- Drive at inappropriate speeds?
- Have an increase in traffic tickets or warnings?
- Experience near misses?

What You Can Do
If you notice any of these warning signs, it is time to assess the situation. Don't wait for an accident to happen. Share your observations with the driver, their physician and other family members. The steps you take depend on the nature and seriousness of the unsafe driving behavior. In some cases, you can help the driver stay mobile as long as safely possible by suggesting simple changes. These include driving shorter distances, staying on familiar roads, and avoiding night driving, heavy traffic and unprotected left turns. The driver may also benefit from a
driver improvement or refresher course Someone who is ready to give up driving may choose to exchange a current driver's license for an identification card. A local DMV office can help with this option. The transition from driving can be emotionally difficult for the driver and for family members. Begin the discussion early. Seek assistance from the family physician to help assess and monitor any medical conditions that can affect driving. Some health care professionals are required to refer a driver to DMV when an individual's impairment becomes severe and uncontrollable.

How to Refer an Unsafe Driver
To report the driver to DMV, you can visit your local DMV field office to obtain a Driver Evaluation Request, write a letter to DMV, or download a Driver Evaluation Request at: www.odot.state. or.us/forms/dmv/6066.pdf. Complete and sign the Request or letter. You will need to describe the person's health problem or unsafe driving behavior that causes you to believe the person is no longer safe to drive. You must include both your name and address and the person's name and address, Oregon driver license number and date of birth, in the letter Anonymous letters will not be accepted. You can request that your name be kept confidential. Mail or fax the completed form to the address listed. Upon receipt of the report, DMV may require medical information from the person's doctor or may contact the driver for re-testing. DMV will determine whether or not the person may continue to drive with or without restrictions or whether the person should stop driving.

Alternatives to Driving
Many social needs are met through driving. People who live alone and no longer drive may feel isolated. Arrange for frequent visits to the home, and plan outings with friends and family that will help the person remain socially active. Family members, neighbors and caregivers can provide transportation to appointments and errands. Explore options to have groceries or prescriptions delivered. The local senior center may offer a shuttle service. For resources in your community, call the Area Agencies on Aging (AAA) at 1 (800) 282-8096

## Woodburn Area Relay for Life

by Rhonda Judson

Cancer. The scourge of our era. The very word strikes fear in every heart

Some have heard that diagnosis from the doctor, fought the hard fight, and won! Others have lived through family and friends' battles, understanding, supporting them, and celebrating their victories. And we remember those who courageously lost their struggle, proud and vowing never to forget.

In the face of this dreadful disease we have two choices. We can resign ourselves to accept "fate", feeling powerless to prevent, subject to the whims of medical treatment, and let nature take its course.

Or we can FIGHT BACK! Since Relay for Life began in 1985, 300 people every day celebrate more birthdays, thanks to improved detection and treatment. Our Woodburn Relay is unique in that 50 local businesses contribute over $\$ 25,000$ - nearly $\$ 9,000$ in-kind, to fund $97 \%$ of our costs. This means virtually every dollar we raise goes directly to fund cancer research treatment and patient support.

For those of you who are dog-lovers there will be a Bark for Life, Saturday June 28, from noon-4pm at Centennia Park with prizes, costumes, obstacle course, demonstrations and vendors!

Please join us on July 11-12 to "Wave Goodbye to Cancer." We'll begin with a free dinner for survivors and the traditional "Survivor Lap" to kick-off the Relay at 6 pm on Friday. (To register as a survivor, please contact Charlene Weidemann at (503) 851-7033). That evening will feature lots of food, live entertainment, kids' games, and other activities. When the sun goes down, the Luminaria Ceremony honoring survivors and the memories of those passed, will warm your heart, and the Balloon Glow will light up the skies at Centennial Park. Saturday morning, the Woodburn and Monitor Fire Departments will serve breakfast, and we'll have many more
activities to keep us moving until our noon close.

If you would like to help your Estates Excellers Team, contact Becky Butts 503-982-3979.

If you would like to help the Woodburn United Methodist Church team, contact Rhonda Judson 503-982 8617.

## 2014 Rose-A-Rama

Building Friendships and Memories
It is that time of the year when Roses are in bloom and the Rose Parade in Portland is gearing up for their yearly festivities, that we lady golfers here in The Estates think about asking a friend to join us in the wonderful game of golf.

After about 29 years of hosting this fun event, many lasting friendships and memories were made on the course as well as off the course. We are dedicating this event to all the ladies who have played, are no longer playing, still playing and future lady golfers who will keep this tradition going.

Golf is a game of great moments. The excitement of making a great drive, a long putt, that moment can turn from total despair to pure joy-it can bring us to our knees, just when we think we have it all figured out. The game teaches us golf etiquette, to be considerate of not only the people we are playing with, but other players as well. To stand aside and let a faster group of players through if we are
playing more slowly. Sportsmanship in the game of golf is similar to love in the game of life.

It is these moments that make for memories. They are the source of endless stories with friends who share a love of the game. These moments are the confidence boosts when faced with difficult circumstances. They recall success whenever failure seems to be the only alternative.

Ladies, we need you to sign up for this upcoming fun tournament, which will be June 7th with a practice day on June 6th. Do not judge whether you are "not good enough" to play in a tournament, just come out and join us for great prizes, food and exercise. Registration forms are in the golf lounge. If you need a partner we have ladies from other courses wanting to join us.

Please give me a call if you have any questions: Dorothy Monnier 503-9810428

## Sundowner's Golf

## by Allan Lindberg

It's just about time for Sundowner's Golf to begin another year of fun. Sundowner's is a 9 -Hole Golf Competition that plays on Mondays at 4:00 p.m. Sundowner's Golf is open to any member having paid their golf dues or pays green fees the day of play.

This year the season will begin on June 3rd and will play each Monday through September 22nd with a banquet dinner on September 30th.

The cost to register and play the whole season will be $\$ 5$. Each Monday each player must sign in at the Pro Shop, as you would for any round of golf, and be at the Gazebo by $3: 30$ p.m. At $3: 40$ p.m., draw for your playing partner for that round. Different games each week.

Each week team scores will be posted in the Golf Lounge. Six bucks will be paid out to first and second low net teams and six bucks will be paid out for first and second place to teams with the fewest putts.

All monies will be paid out at the end of the season.

Follow the rules of the course regarding the use of golf cart paths or fairways and rules for summer or winter play.

A sign up sheet will be posted in the Golf Lounge to help speed up the first day of play. Questions about Sundowners Golf, call Allan Lindberg 503-982-0210. This is a fun competition and a great way to get acquainted.

## Travels with OregonWest

## by Kathy Hiller

It has been a busy two weeks for Ken Leonard and myself. Ken just got home from about 10 days in Maui, while Stan and I arrived back home, Monday, April 28, around 11:30 p.m. from our trip to Nashville and Memphis, Tennessee. Ken may have pictures, but I don't think I'll post them here, because no one needs to see him in a Speedo. Just kidding!

Stan and I were with a group of 18 , plus our tour guide Chanda Bosanac from OregonWest Excursions, one of our faithful News \& Views advertisers. At most Coffee Hours, Darwin Buschert is set up at a table in the dining hall with the upcoming tours offered by OregonWest Excursions. I had been on a couple of day trips with OregonWest, but this was our first out-of-town tour. We are so happy to have taken part in this tour, not only because we had never been to Nashville or Memphis, but there were so many interesting places that we visited.

Day one, we arrived in Nashville at about 3 p.m., and our tour bus took us to where Barbara Mandrell and her family lived for 14 years. Her husband built their 27,000 square foot log home, the Fontanel Mansion. It was breath-taking! Our docent, Steven Whitson, not only gave us the story of the huge home, but is an aspiring singer/songwriter, and performed two songs for us
while we explored the great room. (See photo) Then our group had dinner nearby at the Café Fontanella, where another aspiring singer sang for us. Nashville is similar to Hollywood, in that it seems every waiter/waitress is really just waiting for their "big break".

I won't go into detail of everything we saw, but we were so well taken care of. OregonWest really goes out of their way to make sure everything is perfect. Transportation, airfare, hotels, gratuities, and most meals were all included in the price. In fact, Stan and I only spent extra money on souvenirs. We highly recommend traveling with OregonWest!

Fashion show organizer, Becky Butts, informed us that this will be the last Annual Style Show and Luncheon due to not enough clothing stores from the Premium Outlets whose Corporate Offices are willing to allow them to participate. Still, this one was well attended. Catering was by Country Cottage - shrimp or chicken croissant sandwiches, broccoli salad, mixed fruit, cake topped with fresh sliced strawberries, and coffee. It was all very good.

Immediately following the lunch, Becky introduced Brenda Gardiner who did the Mary Kay makeup for our models. Then the representatives for Izod, Calvin Klein, Dress Barn, and Van Heusen took over, describing the clothing our beautiful Estates ladies - Nancy Reed, Marge

Epling, Donna Wood, Penny Sealy, Merra Frochen, Gloria Bourne, Arlene Langendoerfer, and Georgia Varconi modeled for us. There was one lone male model, Luis Ibanez, who looked so handsome in the two outfits he showed us. I hate to choose favorites, but I have to say that petite Georgia Varconi did a fantastic job, and looked especially cute in both of the dresses that she modeled.

A big THANK YOU to Becky Butts for all her hard work, not only this final year, but all the previous times she has organized this event. She had a superlative committee of helpers who also deserve a BIG THANK YOU!

President's Welcome Report - Vice President Becky Butts: Welcomed everyone to the meeting. She reminded the Board members that to get things accomplished there must be vocal communication among the members. Each director has been assigned a committee to chair and the duties are listed in the notebook from the December workshop. New ideas and projects are always welcome by each chair, just communicate with them, especially if they do not fall beneath your chairmanship. We are all working to enlighten retirees about The Estates and its amenities. Good communication is very important. The agenda was changed under New Business to add a recess into Executive Session for a brief period to deal with a personnel issue. The minutes of the February 11, 2014, meeting were discussed with Director Cornett raising some objections to how they were stated and some additional corrections were identified. The February 11, 2014, minutes were approved with Directors Butts, Bunnell, Johnson, Abshere, and Westphal voting for, and Director Cornett voting against.

Treasurer's Report - Treasurer Chuck Johnson: (1) The balances reported today were reconciled with bank statements and balance sheets provided by The Estates' bookkeeper as of January 31, 2014. Our Operating Account balance as of January 31, 2014, was $\$ 823,494.22$. Our Reserve Account balance as of January 31, 2014, was $\$ 731,021.64$. The current balance of our Accounts Receivable is $\$ 100,277.52$. (2) We currently have 116 delinquent accounts which represents a $7.7 \%$ delinquency rate. This is the highest number of delinquent accounts recorded in the time that I have been the Treasurer. I intend to address this issue in a future article to appear in

the News \& Views. We currently have 20 liens filed against properties with delinquent accounts. There are currently 8 delinquent properties in foreclosure Our attorneys are currently working on 14 delinquent accounts in an effort to collect money owed on said accounts.

## Committee Reports:

Architectural - Director Len Westphal: (1) Since the last board meeting there have been four architectural requests and 6 compliance requests. (2) I want to share a story about one of our residents. She bought a house that had an illegal furnace installation and wasn't vented properly. Consequently she ended up in the hospital. If any of you are feeling poorly without knowing why, you should consider having you furnace flue checked for proper installation.

Activities - Director Sharyn Cornett: (1) The Valentine's Day Dance was attended by $50+$ guests. They had raffle gifts and one lucky person received $\$ 50$ from a $50 / 50$ pot. (2) The new name is The Estates Dance and Social Club. Everyone is encouraged to come and visit with friends and listen to good music. (3) The next Social is Marti Gras night March 15th starting at 7:00 p.m. Tickets are $\$ 8.00$ at the door. Come and enjoy music, visiting and light refreshments sponsored by Cascade Park. (4) Keizer Big Band will be coming for a concert Sunday afternoon March 30th. Watch the News \& Views for details. Cost will be $\$ 5.00$. (5) We plan on having more concerts this year. (6) About 15 people attended our security meeting and the police were unavailable at that time. Lots of good information was passed out and questions were answered. Neighborhood packets were distributed. The bulletin board in the back of the Dining Hall has the crime record for The Estates during September, October, November, December and January. (7) On March 6th the Oregon Department of Transportation will be at Coffee Hour to give us an update on progress on the Interchange Project. Please attend and bring any questions you have. (8) A Senior at Woodburn High School will be making bird houses for his senior project. He will be here during Spring Break with his mentor at Coffee Hour and have them finished by April 16th. He will make about 5 of them and they will be given away as raffle gifts during Coffee Hour with the blue tickets. This is something he decided to do and wanted to beautify our neighborhood. There is no cost to The Estates members. (9) The Pancake Breakfast is coming in

April. We will not have presold tickets. It is a waste of time for our volunteers and extra work for the office. We will sell tickets at the door for $\$ 5.00$. There is no limit on attendance for this function. This is new and we will see how it works. (10) A big Thank you to the Directory Staff. The new 2014 Directory is beautiful!! I only found one typo; the first to find it and call me will get a Restaurant coupon. (11) Ken Leonard was recognized as our Professional Photographer for all our events here at The Estates Golf \& Country Club and was presented with a colorful name tag which will identify him as such. Thank you for all the great pictures you have made for us all these years.

Golf - Director Will Abshere: (1) The Grounds Superintendent reported the following: With the snow and rain making the golf course very wet we have not been able to do much of the basic course maintenance because, like the golfers, our vehicles are pretty much limited to the cart paths. With the already saturated soil, the gusty winds managed to blow over one pine tree on hole four. We did take out one spruce tree on hole ten that was leaning severely. And we will probably wind up taking another pine out on hole ten that is leaning and has raised roots on one side. There was also a lot of tree debris from the snow, ice and wind to clean up on a daily basis. The tee signs and benches have all been refurbished. We are working on some O.B. stakes now, repairing and repainting old ones and making new ones. Also working on getting our irrigation system mapped into the Toro computer program that will run the irrigation system. (2) To date there have been a total of 115 annual golf bag tags issued and 293 golf car stickers issued. A reminder that all golf cars must have a sticker. (3) Since the last meeting it has been decided that we will not be doing business with Bench Craft. It was not a good fit. (4) The \#8 Tee Box arborvitae issue is not resolved at this time. Safety seems to be the issue. I have asked the General Manager to contact our Insurance Representative for a understanding and clarification of liability if someone should be hit by a golf ball, not just at the \#8 Tee Box, but the entire golf course. If the arborvitae issue is not resolved by the next Board Meeting, I will ask the Board's help in addressing this issue. (5) Our Course Superintendent has received three bids from Tree companies one of which will be chosen to trim trees and remove dead limbs and branches that are posing

They document Jim Worley's tour of the RV Lot prior to the February 11th meeting which was after a day and night of rain. He recommended that we hire a consultant, or contractor, or engineer to look at our problem and make recommendations on how we can fix the situation there.

Membership - Director Dave Bunnell: (1) The next new members meeting will be March 14 at 10:30 a.m. in the Dining Hall.

This was passed on to us through Portland General Electric on our billing. Last year this amounted to a savings of $\$ 1,572$ to The Estates. We are trying to get more information and see if we can be reconsidered for this credit. (2)

## Board of Directors Minutes

Estates was placed in the flier for the Tulip Festival. (2) She has received proposals for the branding project, and she will have a recommendation during New Business.

General Manager's Report - Sharon Schaub: (1) Reported that the new sand filters have been installed in the pump houses and that the trees have been pruned as discussed previously. (2) She reminded the Board of the upcoming Annual Summit of the Adult Communities Association Network hosted by the Fairview Village Board of Directors. The meeting will be in Vancouver and lasts from 9 a.m. to 12 noon. The Estates is a member of this association and is scheduled to host the Annual Summit here next year. She thanked the board members for their commitment to attend.

Unfinished Business: None.
New Business:

1. Director Johnson: On September 11, 2012, the Board approved the 2013 Reserve Budget. Said budget including the purchase of Exercise Room Fitness Equipment, Asset \#1011, not to exceed $\$ 5,135$. However, The Estates failed to purchase the approved Fitness Equipment in the year 2013. We now have received prices for a used Recumbent Xtrainer Bike in the amount of $\$ 1,500$ and a Life Fitness Machine for $\$ 500$, totaling $\$ 2,000$. In that this Asset was not included in the 2014 Reserve Budget approved by the Board on November 26, 2013, and was not purchased during 2013, he made a motion that we now purchase this equipment from funds in our Reserve Account, amending the 2014 Reserve Budget by the previously approved \$5,135, increasing our 2014 Reserve Budget from the current total of \$284,309 to $\$ 289,444$. The motion was seconded by Director Bunnell. There was discussion on the type of equipment this was. The motion was approved unanimously.
2. Director Johnson: Our General Manager, Sharon Schaub, and our Maintenance Supervisor, Frank Jameson, have reviewed preventative maintenance agreements for our fitness equipment in our Fitness Center with the understanding
that proper maintenance will extend the life of the equipment and overall would be cost effective. AER Fitness, Portland, Oregon, has submitted a proposal wherein said company would provide quarterly maintenance of all fitness equipment for an annual cost of $\$ 1,118$. Therefore, he made a motion that the $\$ 1,118$ annual cost for the maintenance agreement be approved, to be paid out of the Operating Budget for 2014, Line Item 6-2010, Maintenance Expense, approved by the Board in the amount of $\$ 39,000$ on November 26, 2013. The motion was seconded by Director Butts. In discussion it was recommended that a "do not compete clause" in the proffered contract was not in our best interest. The motion was subsequently amended to approve the purchase on condition of our general manager resolving this contract issue. It was approved with that stipulation unanimously.
3. Director Johnson: Our CPA, Schwindt \& Company, has recommended that The Senior Estates Golf \& Country Club dba The Estates Golf \& Country Club establish a Capitalization Policy for Association Assets. Based on their recommendation, I have prepared a Resolution that establishes our Capitalization Policy as follows: Resolved, all purchases of personal property less than $\$ 1,000$ shall be expensed. All expensed personal property shall be considered for inclusion in the Reserve Study as a component. Director Johnson made a motion that the Capitalization Policy Resolution as presented and recommended by Schwindt \& Company be approved by the Board. The motion was seconded and approved unanimously.
4. Director Johnson: In 2013, the Board approved the following Reserve Assets that had not been included in the 2013 Reserve Budget: Greens Roller Head, cost of $\$ 1,794$; Replacement Engine for Toro Mower 325D, cost of $\$ 4,095$; Classen Sod Cutter, cost of $\$ 800$; Air Conditioner for the News \& Views Office, cost of $\$ 5,135 ; 2014$ Club Car Carryall Utility Vehicle, cost of $\$ 6,607.30$; Reliance Gas Water Heater, cost of $\$ 1,395$;

It was determined during the review of our 30 Year Reserve Study that the aforesaid Reserve Assets were purchased from The Estates Operating Account rather than The Estates Reserve Account. Therefore, he made a motion that the total cost of these Reserve Assets in the amount of $\$ 20,710.30$ be transferred from The Estates Reserve Account to The Estates Operating Account. The motion was seconded by Director Bunnell. The motion was approved unanimously.
5. Director Cole: We have received proposals from Angled End Identities and ImageBird Studio for our brand overhaul. A third consultant declined to bid. The Board had previously received a copy of each proposal and Director Cole made a motion to accept the proposal of Angled End Identities for $\$ 4000$. Director Butts seconded the motion. There was some discussion on what could be done with the website. The motion was approved with Directors Bourne, Butts, Bunnell, Johnson, Cole, Cornett, and Westphal voting for approval.
