

A Salute to Veterans

by Kathy Hiller

Included in the November 4 edition of the *Woodburn Independent*, was an insert for “A Salute to Veterans”. Throughout the 56-pages were stories of veterans from nearly every service, not that it mattered whether the men and women serving this country were in the Army, Navy, Air Force, Marines, or Coast Guard. What really mattered was that they served with courage, dignity, and pride. Too many lost their lives, or limbs, or mental health. Very few who served escaped the consequences.

One featured veteran was Pete Petroski, whose story ended up on page 54. Pete lives in Woodburn Estates & Golf, and although I have known Pete for many years from the Wrinkle City Players days, I was pleasantly surprised to learn he speaks five languages, including English.

Yes, Pete has led an interesting life; one filled with his good humor and his music. I doubt there are many who can match Pete’s unwavering support for his fellow veterans and all enlisted personnel. Here’s saluting you, Pete!

New General Manager

by Kathy Hiller; but mostly by Tom Staskiewicz

[Tom Staskiewicz (pronounced: Stuskevich) was chosen by majority vote by the BOD, to fill the General Manager’s position. The following are his exact words in response to the list of questions I sent to him. Ed.]

My wife, Michelle, and I have lived in Woodburn for almost two years and for the previous 18 years we were in West Linn. We have a mixed family of yours, mine and ours: 3 older children from my first marriage – living in Michigan; 3 – from my wife’s first marriage – spread across Oregon and 3 together – all currently at home with the youngest a senior in high school.

I was born and raised in Michigan eventually moving to Oregon late in 1994. My schooling is all business with an undergraduate in business emphasis Human Resources and MBAs in Marketing and Management.

My primary goal for Woodburn Estates & Golf is to bring people together to make this the best possible place for those 55 and over. I know we will never get everyone to agree on everything but as long as our goal is to make this the best place we will always find common ground.

My hobbies start with my family. I play a little golf. I like old television shows and I spend lots of time with computers doing websites, newsletters, blogs, security and technology in general. It may sound like work, but it’s also a hobby for me.

New Administrative Assistant Hired

by Kathy Hiller

Sandra “Sandy” Jordan began working October 29 as the new Administrative Assistant, taking the vacant position left by Sharon Morse who left due to family needs. She had seen our ad for an Administrative Assistant on the internet and quickly sent in her resume and, being a good fit for the job, she was soon hired.

In response to questions I asked, Sandy replied, “We moved to Oregon in November 1985 from Colorado where I was born (Denver). We’re moving to Woodburn the 14th of November. We’ve lived full time in our RV for 15 years, in Dayton.” Her hobbies include reading, gardening and sewing.

Asked what her goals are for Woodburn Estates & Golf, she responded, “I’m so happy to be here, and I want to provide excellent positive customer service to the homeowners and visitors to the Woodburn Estates office, and to be a supportive and efficient team member for the staff and volunteers in the office.”

It may take a week or two for her to get comfortable in her new job, but don’t be afraid to stop by the office and introduce yourself. She’s friendly lady and a great addition to our staff.

Travelers Photo

by Kathy Hiller

Another photo of Tony and Connie Polinsky, this time at Lake Louise, Canada. Tony says, “This place is absolutely beautiful. The temperature in September was in the high 60s to the low 50s, and the scenery was spectacular.” These two travelers have really been busy traveling and reporting back for the *News & Views*.

I’m beginning to run short of photos of trips to publish. Anyone traveling abroad? To any faraway destinations? Staycations? If you have photos to share of recent travels, or not-so-recent, we’d love to see and hear about it. Take a copy of our paper with you! (But you are not obligated to have it in your photo – we just like to show off the paper, too.)

Stroke Has a New Indicator

Submitted by Tess Wentz

A neurologist says that if he can get to a stroke victim within 3 hours he can totally reverse the effects of a stroke...*totally*. He said the trick was getting a stroke recognized, diagnosed, and then getting the patient medically cared for within 3 hours, which is tough.

RECOGNIZING A STROKE

Sometimes symptoms of a stroke are difficult to identify. Unfortunately, the lack of awareness spells disaster. The stroke victim may suffer severe brain damage when people nearby fail to recognize the symptoms of a stroke.

Doctors say a bystander can recognize a stroke by asking three simple questions:

1. Ask the individual to SMILE.
2. Ask the person to TALK and speak a simple sentence (Coherently. i.e. Chicken Soup)
3. Ask him or her to RAISE both arms.

If he or she has trouble with ANY ONE of these tasks, call 9-1-1 emergency immediately and describe the symptoms to the dispatcher.

NEW SIGN OF A STROKE - stick out your tongue! Ask the person to stick out his tongue. If the tongue is crooked, if it goes to one side or the other, that is also an indication of a stroke.

Wile E. Coyote?

by Katie Bren

Here is a picture of the coyote that was seen a week ago on the 10th fairway about 4:30 p.m. He or she was seen one week later right here across the street in our housing area on Princeton Rd at 4:30. All pet owners should be aware.

From the Editor: Please keep your pets inside, especially at night. Do not leave food outdoors. This coyote is pretty brave to be seen during daylight hours. Following is some information regarding coyotes. (I added the bold underline.)

The coyote appears often in the tales and traditions of Native Americans—usually as a very savvy and clever beast. Modern coyotes have displayed their cleverness by adapting to the changing American landscape. These members of the dog family once lived primarily in open prairies and deserts, but now roam the continent's forests and mountains. They have even colonized cities like Los Angeles, and are now found over most of North America. Coyote populations are likely at an all-time high.

These adaptable animals will eat almost anything. They hunt rabbits, rodents, fish, frogs, and even deer. They also happily dine on insects, snakes, fruit, grass, and carrion. Because they sometimes kill lambs, calves, or other livestock, **as well as pets**, many ranchers and farmers regard them as destructive pests.

Coyotes are formidable in the field where they enjoy keen vision and a strong sense of smell. They can run up to 40 miles (64 kilometers) an hour. In the fall and winter, they form packs for more effective hunting.

Coyotes form strong family groups. In spring, females den and give birth to litters of three to twelve pups. Both parents feed and protect their young and their territory. The pups are able to hunt on their own by the following fall.

Coyotes are smaller than wolves and are sometimes called prairie wolves or brush wolves. They communicate with a distinctive call, which at night often develops into a raucous canine chorus.

Coffee Hour

October 29, 2015

by Kathy Hiller

Coffee Hour on October 29 started out with 9 contestants in the annual Halloween Costume Contest. As usual, they paraded around the auditorium while the secret judges made their selections. Everyone was a winner just for participating but three costumes really stood out.

In no particular order: Glen Kloster in his Civil War soldier's uniform, complete with saber, was chosen for a special prize. Donna Smith was a very cute Raggedy Ann with her stylish red-yarn hair. Muriel Cole was a great representative of the Halloween Spirit in her black and orange ensemble. All participants were allowed to select a prize from the well-stocked table provided by Coffee Hour Coordinator, Connie Lum. The leftovers were given away by ticket drawings.

The entertainers then took the stage and in true Barbershop Quartet fashion, Sweet Spirit Quartet sang several songs, blended their distinct voices, and fully entertained us.

Property Tax Meeting

by Victor Morris

My property tax increased by \$403, or 17%; from \$2,053 to \$2,439. The Oregon Property Tax Office says: The median property tax in Oregon is **\$2,241 per year** for a home worth the median value of \$257,400. Counties in Oregon collect an average of **0.87%** of a property's assessed fair market value as property tax per year.

So why are Woodburn and Marion County property taxes so high? The current maximum value of my home according to Zillow is \$149,000. So, my home is valued about \$110,000 less than the Median Value of Oregon Homes, but I'm paying \$198 more in property taxes. According to the information above, I should be paying 0.87% of \$149,000, or \$1,296, not \$2,439, to be fair.

A School Bond for Woodburn Schools was imposed in June, 2015. The property tax increase was estimated to be an average of \$2.40 per \$1,000 home value. For my property that calculates out at \$357. This is an INCREASE OVER SCHOOL FUNDING FOR 2014.

The Oregon Constitution says:

- For tax years after 1997-98, MAV (Maximum Assessed Valuation) is defined as the greater of the prior year's MAV or the prior year's assessed value increased by 3 percent.
- Most of Woodburn's property taxes seem to go to supporting the schools. Certainly the current INCREASE was generated for NEW school projects.
- There's lots more information about this, but I believe it is a political problem. We have 2500+ voters in Woodburn Estates & Golf. If enough people are interested we can use those votes to elect politicians who will support our needs.

Following the November 19th Coffee Hour, those who are concerned and willing to do something about it, let's meet at 11:15 a.m. in the Auditorium to discuss what we can do.

Everyday Etiquette

by Connie Doyon

Libraries are traditionally a place to read, study, use the computer, or to write your latest novel. Our Woodburn Estates Library is that but also a place of socializing. It's hard not to meet someone you know and stop to visit without thinking about others needing the quiet space for the above reasons.

I do not want to discourage this, but, we must keep in mind that others go there in need of a quiet place. With the bulletin boards in close proximity, it is even harder to stay silent.

Please respect those who need the quiet. If someone is deep in thought, whether on the computer or with their nose in a good book, please respect them by quietly walking away so that their concentration is not broken. They could be lost to the world and would lose the storyline if interrupted. If they acknowledge you first, then it is okay to reply back.

Another major annoyance is the cell phone. If you receive a phone call, please remove yourself from the area. I think we have all encountered a person speaking loudly on a cell phone, oblivious to others.

The same is true of someone working in their yard, or just strolling around the neighborhood. Some people are out for the exercise and don't want to slow down to visit. Maybe they are concentrating on keeping their heart rate to a certain level. Maybe they are contemplating a problem and are trying to work it out. If they look your way, slow down and seem approachable, then they may want to talk. If they don't acknowledge you then maybe they just need the fresh air to help solve their problem.

Greetings! Holiday Open House

As we enter into the holiday season, we find ourselves wondering where the time went. However, with Christmas only a few weeks away, it's time to turn our thoughts to the season. Garden Gallery Iron Works would like to invite you to our annual Holiday Open House on November 14th.

We will be open early at 9am until 4pm, with a **free gift to the first 50 customers**. Our presentation this year will include several areas representing the experience of Christmas. Your attention will be drawn to our presentation of over 20 different styles of the Nativity, including some that are life-size and many that are suggested to withstand our Oregon climate.

We have introduced a new Farmhouse-style room featuring a 12 foot Christmas tree fully decorated to reflect the memories from our past. As you enter into the room, you will experience many gift items that will reflect a time that seemed to be simpler and appreciated in different ways. Christmas now and then can be appreciated throughout the store with 10 fully decorated trees, representing all walks of life and a gift selection that includes, outdoor gardening, indoor decor, wine accessories, art from Haiti, patio seating, and a great selection of hostess and bunco gifts. Garden Gallery Iron Works takes great pride in offering a holiday presentation, representing the quality products that our customers deserve and appreciate.

Along with all the excitement, we will also be offering holiday wreaths in several different designs and shipping will be available within the USA. In the spirit of the season refreshments will complete the experience and having you as our guest would be our pleasure.
