Saturday - Sept. 9 Do-It Best Golf Tournament

### **October**

Sat/Sun - Sept. 30, Oct 1 Hammond Alternate Shot Tournament  
Friday - Oct. 6 Glow Ball Tournament

---

## **Annual Member's Meeting Agenda**

### **November 8, 2022**

#### **2022 Annual Golf - Year End Report Director Ken Bourne**

2022 was challenging in several aspects for our golf community. Starting out in February & going thru mid-

June our spring dealt with the effects of constant rain which was heavy at times & near record breaking. We went right into record breaking dry heat from mid-June thru October. The weather played an important role in the course usage.

There was heavy course play enjoyed throughout the summer & into fall.

Our new Golf Pro, who was hired in late 2021, had different ideas than what we were used to. Communication between the Men's & Women's Golf Club with the new Pro was severed at times due to his new ideas & lack of communication.

Working relationships were challenged. Hopefully, this will change to form better working relationships in this new year to come because of needed improved communication skills.

Maintenance of the course took a back seat due to effects of weather & lack of employee staffing. We still have maintenance issues yet to be addressed.

Staffing issues will also be addressed to begin our 2023 new year to bring our course back to its original pristine conditions that we've enjoyed up until this last year.

---

### **October 25, 2022**

#### **Golf Committee Report for October 2022 - Director Ken Bourne**

Golf activities during this report period have been steady as the weather has allowed most or all for The Men's and Women's Golf club events to proceed as planned. The usage of the course has declined during this period as many snowbirds start to head south.

The main golf events that were held this month were The Two Person Alternate Shot Tournament held on October 1 and 2, which was received well with a fairly large field. There were many happy winners.

The Glowball Tournament was held on October 7. It also was a success due to the work of Russ Krussow and his helpers. There were many prizes given out, both raffle prizes and golf winnings. It is a very fun event played after dark with the minimum amount of lighting.

The Greens Meeting was held on October 17, to discuss areas of concern and what can be done better next year.

---

## **September 27, 2022**

### **Golf Committee Report - Director Ken Bourne**

Golf Report September 27, 2022

As we enter the end of September, golf activities are slowing down. The weather is changing as fall is approaching. Soon many of the golfers that are snowbirds will be heading south and pressure on the golf course will lessen. The upcoming events to be held in the next couple of weeks are:

The 2-day Alternate Shot Tournament will be held October 1 and 2.

The Glow Ball Tournament will be held October 7.

The golf highlight of the past month has been crowning the new Men's Club Champion- Marty Smith. Congratulations.

Dave Robinson was going to give a golf maintenance report later in this meeting, but he is absent

End of Report

---

## **August 23, 2022**

### **Golf Committee Report - Director Ken Bourne**

Golf Report August 2022

Activities on the golf course for the last month continue to be very busy. There has been a steady daily play along with several tournaments throughout the month. Here is the summary of Golf activities since my last report.

July 30th- A Mixed Horserace was played with 16-2 person teams starting. 1-2 teams were eliminated on each hole based on the highest score. This continued until hole #7, where 4 teams remained. One team was eliminated on holes 7-9 until a champion is crowned. This years Mixed Couple Horserace Champions were, Marty Smith and Barb Lucas. Don Geiger and Karen Halter finished second.

August 5th- The Summer Fun Golf Tournament was held for our lady golfers. Approx. 30 ladies played, had a great time and a wonderful lunch was served. I know because I was invited. All of the ladies were winners as Tournament Director Karen Ewing did an outstanding job.

August 8th and 10th- The 18-hole Women's Golf Club Championship was held. This 2-day event was held under blue skies and rather warm weather. The 2022 Gross Women's Club Champion is Connie Johnson. The 2022 Net Women's Club Champion is Donna Jentzen.

August 13th- A Mixed Golf Tournament was held with many winners. Tournament Directors Donna and Kevin Burnside did a great job. We had a great hamburger lunch cooked by our new community members Tim and Cindy Harrison. Special thanks to our tournament sponsor Dave Christoff of Hallmark Realty.

August 15th- I was asked by Barb Lucas, President of The Women's Golf Club to speak at the clubs monthly meeting concerning some golf issues. I told Barb I would on 3 conditions.

- 1) They feed me lunch.
- 2) She provides me with a Bodyguard
- 3) Make sure the backdoor is unlocked in case I have to run.

The meeting started out well, as I presented Rosa Nichols with a lifetime golf membership for turning 90 years of age. The rest of the meeting, I answered questions from the audience. Some of my answers were not received very well. But as Joe Friday on the TV show Dragnet would say 'Just The Facts Mame.

August 20th- A Mixed Golf Tournament will be held.

August 26-28th- The Men's Harvest Invitational will be held.

## Golf Course Maintenance

Dave Robinson, Golf Course Superintendent, and his crew have done an excellent job maintaining the golf course in good to great condition.

On a general note: The world around us just seems to be mad all the time. If it isn't Covid fatigue, Politics, Inflation costs, Safety concerns or just the heat. Everyone seems to be short tempered, possibly selfish in only thinking of their needs and wants. I know I have been guilty of this behavior, and I need to stop. I think we need to stop bickering about the little stuff and come together on the big stuff. Maybe a kind word will go further than a complaining one. We need to be kinder to our families, our neighbors, other members of our community. Listen to what they have to say, respect them and work alongside them to make our community stronger, happier, and more vital. Just My Thoughts.

End Of Report

### MOTION #1

Director Ken Bourne: I move to approve that under Rule 14.22 that all push carts whether self-propelled or hand operated must not be on the Putting Green, Tee Box or into Sand Bunkers or across any other posted designated areas of the golf course. (Posted 7/26/22)

### MOTION #2

Director Ken Bourne: I move to approve that under Rule 14.32.2 that it be amended to read-Riders, Spectators and Spouses may ride or walk along with a golfer in good standing to help assist in caddying, locating errant golf shots, score maintenance, delivery of selected golf club as needed, moving golf cart and tending the flag, etc. (Posted 7/26/22)

---

## **July 26, 2022**

### **Golf Committee Report - Director Ken Bourne**

JULY 26, 2022

The weather for the month of July has been a complete change from the previous 2 months. The raining conditions of May and June have turned to nice, to warmer and then hot during this report period. Golf activities have been very busy with

the improved weather. The Golf Course has been full of golfers most days. All Men's Golf Club and Women's Golf Club golf schedules have sailed on without interruptions.

The Golf highlights of the month are as follows:

The over 80 Golf Tournament was held this month with the winner -Ron Aiken.

The Men's Match Play Tournament (a 5-day event) was concluded this past week with the 2022 Match Play Champion winner-Larry Jones.

Upcoming events for the remainder of July are a Mixed Golf Tournament on July 23rd. Mixed Horserace on July 30th.

The month of August will be very busy with many tournaments scheduled as listed below:

August 5th- Ladies Summer Fun Tournament

August 9/10- Ladies 18-hole Club Championship

August 13th- Mixed 4-person Scramble

August 20th- Mixed 4-person Scramble (Originally scheduled for June which was rained out.)

August 26-28- Men's Harvest Golf Tournament

#### GOLF COURSE MAINTENANCE REPORT

Dave Robinson informed us at the Greens Meeting held on July 18th of his staffing issues. He has been 2 staff members short for a couple of months, and then this week found himself another worker short which made the total to 3. Dave told us when he is fully staffed, it includes himself, a maintenance person, and 4-5 full and part-time employees to maintain the golf course in the best playable condition.

Dave since being shorthanded, he and his crew have worked extremely hard to keep the course in good condition, while having to neglect some less important projects.

Dave has received some complaints from a few shortsighted golf members, that either don't know the situation or are just interested in their own pleasures.

Last Friday(15th) and Saturday(16th) we had a group of golfers from Gresham Golf Course and Santiam Golf Course play our course. I talked to several of them each day and asked them what they thought of the course. They all replied how good the condition of the course was. They said it was in much better condition than their home course.

Maybe we should complement Dave and his crew a little more and complaining a little less.

End of Report

Golf Director has three motions that will be presented.

**Director Ken Bourne:** I move to temporary change the hours of play as per Rule 14.23- Men's and Ladies Days.

TUESDAYS- Change the hours of play on Tuesdays for the 9-hole men and 9-hole women from 7am to 8am on the front 9, and 9am on the back 9. The men and women will alternate each week on starting on the front and back and observe time restrictions

WEDNESDAY'S- Change starting time from 7am to 8am on the front nine and 9am on the back nine.

THURSDAY'S-Same as Wednesday's time schedule- 8am on the front 9 and 9am on the back 9.

---

## **June 28, 2022**

### **Summary of Golf Committee Report from BOD Meeting:**

**Director Ken Bourne**

**June 28, 2022**

The first couple of weeks of June started out the same as the previous month with rain and wet conditions playing havoc with golf activities and golf course maintenance. The weather we have had this spring and early summer has made scheduling of events and upkeep of the golf course challenging.

The ladies Rose-a-Rama was held on June 4<sup>th</sup> under wet conditions. The ladies fought thru the rain and completed the tournament with very few problems.

The mixed Tournament scheduled for June 11<sup>th</sup> was canceled due to rain and rescheduled for August.

The second day of the Men's Handicap Tournament on June 16<sup>th</sup> was proposed due to wet conditions and moved to the 23<sup>rd</sup> of June. The event was concluded this week and I am proud to announce that Steve Kreig is the 2022 Handicap Champion.

The Golf Maintenance crew has had their hands full trying to keep the course in playable conditions. Thanks go out to Dave Robinson and his grounds crew for adjusting their work assignments because of the weather and being shorthanded.

The Greens Committee met on June 13<sup>th</sup> and the focus of discussion was the weather and conditions.

On a positive note, a bright object was seen this week in the sky, could it possibly be the sun. The forecast is to be in the 90's for the next few days. Maybe summer is here.

The ladies Handicap Tournament was held on June 15<sup>th</sup> and 22<sup>nd</sup> and this years winner was Vicki Lambert.

The Women's Horserace was held on June 25<sup>th</sup> with hot weather. This years winners were Terri Smith and Denise Hollaway.

END OF REPORT

---

## **May 24, 2022**

### **Golf Committee Report – Director Ken Bourne**

#### **May 24, 2022**

This month's golf report is almost the same as last month. The rainy weather has been a strong factor on days play for both The Men's and Women's Golf Club. Many golf events and days play have been cancelled because of wet conditions. The weather has created a major problem for the Golf Course Maintenance crew as well. The grass because of wetness has prevented the crew from staying up with mowing and preventing them to maintain a schedule.

Let's hope the weather changes quickly as several golf events are scheduled in the next couple of weeks, including The Men's Horserace, Memorial Day Mixed Golf Tournament, and The Ladies Rose-a-Rama Golf Tournament. End of Report

---

## **April 26, 2022**

### **Golf Committee Report - Director Ken Bourne**

Both Men's and Women's Golf Club activities have been slowed due to the weather. Many weekly events were canceled.

The Greens Committee held their monthly meeting but again due to the weather not many items were discussed.

Next month's events should pick up after the April showers decrease.

---

## **MARCH 22, 2022**

## Golf Committee Report

The 2022 Golf Season officially started March 1<sup>st</sup> as posting of scores are required by the OGA. This month the Men's and Women's Golf Clubs start their weekly events as activities will increase over the next 7 months with many events planned.

The Men's Golf Club had their monthly meeting and discussed issues of concern. Everyone is anxious to get the season started.

The Women's Golf Club will have their monthly meeting next week.

The Greens Golf Committee met on the 14<sup>th</sup> of March and the following items were discussed. Our Golf Course Maintenance Supervisor gave an update of activities for the past few weeks, which included tree/limb cleanup, mowing and keeping the greens in top shape. This was done while Dave and his crew were out for a week with Covid. I want to thank Vincent for stepping up to help take care of the greens while the crew was out.

## February 22, 2022

### Golf Committee Report - Director Ken Bourne

No report

---

## January 25, 2022

**Golf Committee Report:** read by Sherry Stoneback for Ken Bourne. **Golf/Green:**

The committee met for the first time this year to discuss ideas that would streamline operations for the upcoming year. The topic that was mentioned that needed the most improvement was open and better communication with all groups. This communication needs to be better between The Golf Chair, Men's Golf Club, Women's Golf Club, Pro Shop staff, Golf Course maintenance staff, and Golf Handicap chairs. We also had our new General Manager Drew attend the meeting.

It was suggested that we establish a "Goals and Objectives" plan for the committee; safety net along #9 tee box needs to be higher and extended down the fairway. Possibly widen golf cart paths and construct a few more where needed.

Drew expressed he had an open-door policy to any member. He answers every e-mail and phone call directed to him, welcomes any suggestions, and his goal is to increase golfer numbers.

---

### **January 11, 2022**

**Golf Committee members:** Chair Ken Bourne, Dave Robinson, Len Westphal, Russ Krussow, Steve Krieg, Barb Lucas, Sally Carter, and Donna Burnside.

**Motion** to approve Golf Committee members seconded and passed.
